PIP's valuation policy for private equity funds is based on the latest valuations reported by the managers of the funds in which PIP has holdings. In the case of PIP's valuation as at 31 July 2023, 10% of reported valuations are dated 31 July 2023 or later, 15% are dated 30 June 2023, 69% are dated 31 March 2023, and 6% are dated 31 December 2022 or older. Of the 10% of valuations dated 31 July 2023, 8.7% reflect the mark to market fair value adjustment for PIP's listed company holdings.

At 31 July 2023, PIP's private equity assets stood at £2,377m, whilst net available cash balances[^] were £51m. The Asset Linked Note^{^^} ("ALN") outstanding as at 31 July 2023 amounted to £30m. Undrawn commitments to investments stood at £806m as at 31 July 2023, calculated using exchange rates at that date. As at 31 July 2023, PIP maintained a five year £500m multi-tranche, multi-currency revolving credit facility agreement that is due to expire in July 2027. The facility remained undrawn at the month end.

In August 2023, following the period end, PIP announced that it has committed up to £200m to invest in its portfolio by acquiring its own shares during the financial year to 31 May 2024. The programme has already commenced and the buybacks undertaken will be reflected in future monthly NAV newsletters.

PIP will continue to make new investments alongside buybacks.

*Figures are stated net of movements associated with the ALN share of the reference portfolio. Valuation movement includes the mark to market fair value adjustment of listed company holdings.

** Ratio of net available cash, portfolio value and undrawn loan facility to outstanding commitments. Outstanding commitments relating to funds outside their investment period (>13 years old) were excluded from the calculation as there is a low likelihood of these being drawn. This amounted to £46.6m as at 31 July 2023.

***Based on the change in the ordinary share price over the period.

****Withholding taxes on investment distributions.

[^]Net available cash calculated as cash and net current assets / (liabilities) less undistributed net cashflows associated with the ALN.
