Corporate Updates

On 19 October 2023, PIP completed a tender offer by way of reverse auction, purchasing 49,180,327 shares at a strike price of 305.0p per share. The tender offer resulted in an uplift to September NAV of 3.5% and this will be reflected in the October newsletter.

On 19 October 2023, PIP also announced a new £500m equivalent loan facility provided by five relationship lenders, replacing the previous loan facility and Credit Suisse AG London Branch as a lender. As a result, the Company has a further strengthened balance sheet with a more sustainable and flexible capital structure, and a covenant package that better supports utilisation under the loan facility, the completed tender offer and ongoing share buyback programme.

Following the period end, PIP initiated a £125m drawing on its previous loan facility which has since been refinanced by the new loan facility. The drawing will be reflected in the October newsletter.

*Figures are stated net of movements associated with the ALN share of the reference portfolio. Valuation movement includes the mark-to-market fair value adjustment of listed company holdings.

Outstanding commitments relating to funds outside their investment period (>13 years old) were excluded from the calculation as there is a low likelihood of these being drawn. This amounted to £47.9m as at 30 September 2023.

***Based on the change in the ordinary share price over the period.

****Withholding taxes on investment distributions.

^Net available cash calculated as cash and net current assets / (liabilities) less undistributed net cashflows associated with the ALN.
