*Corporate Updates*

The price represented a weighted average discount of 35% to the prevailing NAV per share at the time of the transaction. The tender offer resulted in an uplift to the September NAV per share of 3.5%.

During the period, PIP announced a new £500m equivalent loan facility provided by five relationship lenders, replacing the previous loan facility and Credit Suisse AG London Branch as a lender. As a result, the Company has a further strengthened balance sheet with a more sustainable and flexible capital structure, and a covenant package that better supports utilisation under the loan facility, the completed tender offer and the ongoing share buyback programme.

\*\*\*Based on the change in the ordinary share price over the period.

\*\*\*\*Operating expenses, financing costs and withholding taxes on investment distributions.
